CAMENGO

ÉDITEUR

Éditeur de tissus français depuis 2004, **Camengo** réaffirme son savoir-faire unique dans la création d'harmonies colorielles nouvelles et inspirantes. Pour exprimer son inspiration, la marque vibre au tempo des fleurs et de la nature : ses couleurs fraîches et gourmandes éclosent, pulsent, et accompagnent sa base d'unis intemporels. De délicates alliances qui dévoilent chaque année des bouquets stylisés et des géométries pleines de vitalité.

Pour sa nouvelle collection, **Camengo** use de cette patte optimiste et dynamisante que vous lui connaissez : rose lupin, jaune vibrant, et bleu Klein pareront la maison de douces proportions, aux inspirations naturelles et fleuries. Une poésie moderne, un charme authentique qui signe son identité.

Since 2004, the French fabric company Camengo has reaffirmed its unique expertise in the creation of new and inspiring chromatic harmonies. To bring its inspirations to life, the brand pulsates to the tempo of flowers and nature: the fresh, luscious colours explode, vibrate and accompany the timeless basis of plains. Each year, delicate blends unveil stylized bouquets and geometric shapes bursting with vitality.

For its new collection, Camengo uses this optimistic and dynamic palette that you know well: lupin pink, vibrant yellow and Klein blue will swathe the house with gentle proportions, drawing on natural, blossoming inspirations. Modern poetry and authentic charm, the hallmarks of Camengo.
